Please coordinate with XA. I think the response has to come from them.

Amy

Amy

Is it ok for me to call/email Mr. DeSantis that EPA and the PRPs are negotiating an agreement to address the site or do I need to contact external affairs?

Thanks

Hi Bill this is John DeSantis from The Times in Houma. Checking with you to find out what the current status is of Delta. Is there still presumed groundwater contamination? Is there a list for cleanup that the site is on? I couldn't

figure a lot from the Web site.
Looking forward to hearing from you

John DeSantis
